## Farming

Farming is a matter of hard work and patient faith: All the farmer can do is plant the seed and nurture it along with water and care. God's unseen hand in creation transforms the tiny seed into a great harvest. Today's Gospel parable of the sower and the mustard seed calls us to patience, hope and readiness.

## He trusted his wife

*A man and his wife were sitting in the living room watching a TV show. He turned towards her and said, "Honey, I never want to live in a vegetative state, dependent on some machine and fluids from a bottle. If that ever happens, just pull the plug." His wife got up, pulled the TV's plug and dumped his beer down the sink!*
